

How to Use Software Center

1. Click the **Windows icon** in the bottom left corner of the screen.
2. Locate **Microsoft System Center** in your app list and click the drop-down arrow to the right and click **Software Center**

3. Software Center opens to the **Available Software** tab. All software available to download on a particular computer is listed.

4. Click the check box beside the software you would like to install and then click **Install Selected**.
